# Ethan Brooks

QA Automation Engineer

ethan.brooks@example.test | Boston, MA | portfolio.example.test/ethanbrooks

## PROFESSIONAL SUMMARY

Built a Cypress and Playwright regression suite covering 620 browser scenarios. Integrated REST Assured checks into Jenkins pipelines and reduced escaped defects 28 percent. Created test data utilities for parallel runs.

## TECHNICAL SKILLS

Java, Selenium, Cypress, Playwright, REST Assured, Jenkins, SQL

## PROFESSIONAL EXPERIENCE

Built production REST APIs using Python and FastAPI.

Worked with PostgreSQL and Redis for backend data services.

Wrote automated tests and CI/CD pipelines for production releases.

Deployed Docker services on AWS.

Diagnosed production issues and collaborated with product engineers.

Maintained service documentation and participated in code reviews.

Optimized API latency and database queries.

Supported on-call troubleshooting for backend services.

QA Automation Engineer | Vertex Systems | 2023 - Present

- Built a Cypress and Playwright regression suite covering 620 browser scenarios. Integrated REST Assured checks into Jenkins pipelines and reduced escaped defects 28 percent. Created test data utilities for parallel runs. Collaborated with product and engineering partners to deliver measurable customer outcomes.
- Owned technical planning, code reviews, and production support for work aligned to Java and adjacent systems.

## EDUCATION

B.S. Software Engineering, Northeastern University, 2018

## SELECTED PROJECTS

QA Automation Engineer portfolio project: built and documented a production-style solution using Java, with tests, monitoring, and a short implementation guide.
