Ananya Rao

Cloud Solutions Architect

ananya.rao@example.test | San Jose, CA | portfolio.example.test/ananyarao

PROFESSIONAL SUMMARY

Designed a multi-account AWS landing zone for a regulated product. Defined network, IAM, and disaster recovery patterns. Led a migration that lowered monthly cloud spend 24 percent while improving recovery objectives.

TECHNICAL SKILLS

AWS, Azure, Terraform, Kubernetes, serverless, IAM, networking

PROFESSIONAL EXPERIENCE

Built production REST APIs using Python and FastAPI.

Worked with PostgreSQL and Redis for backend data services.

Wrote automated tests and CI/CD pipelines for production releases.

Deployed Docker services on AWS.

Diagnosed production issues and collaborated with product engineers.

Maintained service documentation and participated in code reviews.

Optimized API latency and database queries.

Supported on-call troubleshooting for backend services.

Cloud Solutions Architect | BlueOak Technologies | 2024 - Present

- Designed a multi-account AWS landing zone for a regulated product. Defined network, IAM, and disaster recovery patterns. Led a migration that lowered monthly cloud spend 24 percent while improving recovery objectives. Improved documentation, monitoring, and operational handoffs for the team.
- Owned technical planning, code reviews, and production support for work aligned to AWS and adjacent systems.

EDUCATION

M.S. Cloud Computing, Arizona State University, 2019

SELECTED PROJECTS

Cloud Solutions Architect portfolio project: built and documented a production-style solution using AWS, with tests, monitoring, and a short implementation guide.
