Lucas Martin

iOS Developer

lucas.martin@example.test | San Francisco, CA | portfolio.example.test/lucasmartin

PROFESSIONAL SUMMARY

Built SwiftUI features for a fitness app with 1.5M downloads. Added offline sync with Core Data and Combine. Increased crash-free sessions to 99.7 percent through XCTest coverage and release monitoring.

TECHNICAL SKILLS

Swift, SwiftUI, iOS, Core Data, Combine, XCTest, REST APIs

PROFESSIONAL EXPERIENCE

Built production REST APIs using Python and FastAPI.

Worked with PostgreSQL and Redis for backend data services.

Wrote automated tests and CI/CD pipelines for production releases.

Deployed Docker services on AWS.

Diagnosed production issues and collaborated with product engineers.

Maintained service documentation and participated in code reviews.

Optimized API latency and database queries.

iOS Developer | Northstar Labs | 2022 - Present

- Built SwiftUI features for a fitness app with 1.5M downloads. Added offline sync with Core Data and Combine. Increased crash-free sessions to 99.7 percent through XCTest coverage and release monitoring. Collaborated with product and engineering partners to deliver measurable customer outcomes.
- Owned technical planning, code reviews, and production support for work aligned to Swift and adjacent systems.

EDUCATION

B.S. Computer Science, UC Santa Cruz, 2020

SELECTED PROJECTS

iOS Developer portfolio project: built and documented a production-style solution using Swift, with tests, monitoring, and a short implementation guide.
