Fatima Hassan

UX Product Designer

fatima.hassan@example.test | San Diego, CA | portfolio.example.test/fatimahassan

PROFESSIONAL SUMMARY

Created a Figma design system used across six product teams. Ran 24 usability sessions and simplified onboarding from nine screens to five. Partnered with engineers to meet WCAG 2.2 AA requirements.

TECHNICAL SKILLS

Figma, user research, prototyping, design systems, accessibility, usability testing

PROFESSIONAL EXPERIENCE

Built production REST APIs using Python and FastAPI.

Worked with PostgreSQL and Redis for backend data services.

Wrote automated tests and CI/CD pipelines for production releases.

Deployed Docker services on AWS.

Diagnosed production issues and collaborated with product engineers.

Maintained service documentation and participated in code reviews.

Optimized API latency and database queries.

UX Product Designer | BlueOak Technologies | 2024 - Present

- Created a Figma design system used across six product teams. Ran 24 usability sessions and simplified onboarding from nine screens to five. Partnered with engineers to meet WCAG 2.2 AA requirements. Improved documentation, monitoring, and operational handoffs for the team.
- Owned technical planning, code reviews, and production support for work aligned to Figma and adjacent systems.

EDUCATION

B.F.A. Interaction Design, ArtCenter College of Design, 2020

SELECTED PROJECTS

UX Product Designer portfolio project: built and documented a production-style solution using Figma, with tests, monitoring, and a short implementation guide.
